State of Westlake · Office of Health Coverage

Westlake is a made-up state used for testing. This office does not exist.

October 1, 2026

Member: Jordan Avery · Case number WL-0042-1187

You need to show work, school or volunteer hours

Starting with October 2026, you need to show each month that you meet the community engagement rule to keep your Medicaid coverage.

You can meet the rule in a month with 80 hours of work, school, volunteer service or a work program, or with monthly income of at least $580.

Send us proof for October, November and December 2026 by January 15, 2027. Pay stubs, school letters and volunteer sign-in sheets are examples of proof.

Some people do not have to meet this rule, for example people who are pregnant or who care for a young child. Call us at (555) 010-0000 if you think this applies to you.

This notice is not a decision about your coverage.
